3. Vision, Mission and Focus of the school

3.1 Vision

To develop children into enlightened citizens of tomorrow “REACHING NEW HEIGHTS”

3.2 Mission

City Pride School will emphasize on quality education in a facilitative, challenging and positive environment, encouraging sharing and caring so as to make dynamic, inquisitive and rational individuals who display high self-esteem and a sense of morality

3.3 Focus of the school

Every child is unique in its own way. City Pride School believes in a distinct culture in the cradle of which, children progressively acquire good traits, habits, life skills along with promising education.

Besides honour, faith and excellence, it also upholds the essence of Indian culture and heritage as well as keeping its doors open to modern thought and scientific outlook. The aim of the school is to create free and motivating atmosphere to inculcate knowledge, spirit of Nationalism, brotherhood, sense of belongingness, sense of discipline, general manners and refined tastes.

Our School strives to attain excellence in a happy, caring, secure and dynamic community, where we all have the opportunity to achieve our highest potential in life. We believe our first responsibility towards our children is to meet their needs and to provide outstanding opportunities to them. We provide a range of educational and social experiences appropriate to the age, ability and needs of our students.

The school is committed to honesty and responsibility in all relationships, respecting the rights of individuals and stressing the importance of social awareness and sensitivity. We create opportunities for every individual in the school community to develop up to his or her maximum potential. We provide resources to ensure maximum educational benefit.

4. Culture & Key strengths of the school

4.1 Culture of the school

The school takes sincere efforts to do its best for children and we endeavour to create a caring environment, within which each child is regarded as an individual and valued for his/her own unique qualities. We wish that the child is happy, secure, relaxed and confident in his/her interaction with people, ideas & environment and is encouraged & helped to achieve the best of his/her ability throughout the learning experiences.

We strive to keep parents informed as fully as possible about their child's progress and achievements. Students are encouraged to participate in different fields & extra-curricular activities, various inter- school and inter-class competitions.

The education system in our school aims at helping students in understanding the facts by working hands-on, applying simpler & investigative learning way so as to arouse interest & develop better understanding in their subject.

We ensure that students are socially conscious. Various environment protection activities are taken up by school which involves active participation by students. The innovative thoughts make the children ready for 'out-of -box' thinking and also helps in developing their all round personalities. The school provides soft skill training to students for building their confidence, communication and leadership skills. The Eloquest club in the school aims at preparing students for administrative services . The students regularly work a group projects , undergo summer internships and make amazing presentations of their work. We create and sustain a professional learning environment by adopting philosophy of continuous improvement in every aspect of the school.

Planning

Every teacher follows the following plan to execute her teaching learning process:

Every teacher prepares her Unit plan keeping in mind the Objectives mentioned in Blooms Taxonomy. The teacher decides the learning outcomes to be achieved and designs the plan.

A template of the Annual plan, Unit plan & Weekly plan is given to all the teachers.

15. Environmental Protection Activities

Water conservation:

Rain water harvesting is done at school. There are huge pipes connected from the rooftop to underground tank for harvesting rain water. This water is used for cleaning and gardening purpose.

Jaldindi Abhiyaan

Children are taken along the Pavana river and Journey of the river is discussed with them. Children are made aware of the polluted condition of the river and they understand the need for river cleaning. Students also participate in drawing and essay competition on the topic- River pollution and its solution

Students are made aware of pollution caused while emersion of idol during festivals. They are taught to make eco-friendly idols so that emersion could be done at home.

Water Conservation activities are taken up by school as a project this year to create awareness. Students and teachers take up different topics related to water conservation and work on it.

Solid Waste Management Segregation of waste

There is an arrangement of separate bins in class for wet and dry waste on each floor and in every class for segregation of waste. Students practice the same habit at home and spread awareness about the same.

Composting and Biogas: The wet waste is used for preparing compost and biogas in a set up placed in school

Plastic waste: Plastic waste collection drive is conducted in school to make eco-bricks which are used to make cemented structures in school.

Reduce the use of paper

Efforts are made to reduce the use of paper by adopting IT solutions

- The school uses top school portal for sending notices, announcements test marks etc. to reduce the use of paper.
- The election process for the school council of ministers is done using an app designed by our own students which also helps in saving paper.
- Staff utilizes both sides of the paper avoiding wastage of paper

Trees are planted by students in school, home and neighborhood

- Students plant medicinal and ornamental plants in school backyard and also in their neighborhood.
- They also prepare seed balls which are carried by them to field visits which help in growing plants in in other areas.

23.Co-ordination with Parents, Community, Board

City pride school considers the parents as our family members!! They are the strongest pillars of our school. We are blessed with intelligent, enthusiastic and expert parents who believe in basic philosophy of our school.

“Connect to Inspire” is a platform through which school encourages parents to actively participate in various programs of school and thus inspires children in their areas of expertise.

The “Ice melting programme” is one such interesting event which establishes communication channel for new parents.

The “Parent Teacher Association” ensure that the significant pillars of school that is school management, teachers and parents work to gather and contribute for school development and improvement.

Parents can communicate with school through email, Topschool, WhatsApp. They can put in their suggestions in the suggestion box situated near the main office and also pen down their suggestions in registers kept in every class on interaction and open days. They can communicate on annual and closure meetings, interaction and report days and by sending note through school calendars. This year everything will be done online.

Due to pandemic situation, Communication with Board will be done through mail and by online mode.

24.Counseling

Counselors help children to overcome their emotional and social insecurities and to achieve better confidence in life. To cater to the learning difficulties seen among some children we have also introduced remedial coaching with the help of expert teachers.

The school conducts parent counseling sessions every year on various parenting issues by experts.

Soft Skill & Counseling Departmental Activities 2022- 23
